Describe activities that will reinforce the lesson. Include any work and time to be required outside of class:

Please see attached form.

COURSE OBJECTIVES AND APPROXIMATE TARGET DATES:

I am anticipating that for the most part all the projects listed in the syllabus will take one class period (1 hour 45 minutes) to accomplish except for the following projects: Japanese wood blocks, Picasso & cubism and American primitive scenes that will take two class periods.

Steps to check for student understanding, along with dates or # of weeks into class:

STUDENT ASSESSMENT - what will be used to evaluate student progress and/or end of semester pass/fail status?

- 1) Student agrees to attend at least 80% of class sessions/lessons offered. Attendance is kept online and tracked by Partnership staff. Failure to meet 80% or be on track to meet 80% may result in program discontinuation.
- 2) The Partnership Student Assessment or Performance Form is filled out by the teacher and turned in to Partnership staff. The link to this form is found on the web page for this class. Failing marks for lack of participation, behavior issues, practice time, etc. may result in program discontinuation.

Class-specific assessment: discuss and include the form or a link to the form that you use.

See project specific assessments listed in the syllabus.
