This class is intended for middle and highschool students. In this class, we will focus on several mediums with opportunities for each student to choose what medium they would most like to use (examples: painting, drawing, paper art, etc). This class will focus on projects in several styles chosen by teacher and students together (Realism, animated, impressionism, abstract, etc) The goal is for students to grow in the area of art they already love while Ms Heather chooses some projects to challenge students to grow and try new techniques. There will be a snack provided during each class.
