INSTRUCTOR QUALIFICATIONS: Six years ago I opened an online bakery specializing in cakes, cupcakes, and cookies. I have made hundreds of desserts for parties, weddings, and everyday occasions. I love to bake things that not only taste amazing, but look beautiful and hope to help students develop a love for baking and decorating, too.

COURSE DESCRIPTION (OVERVIEW): This course will teach the basics of baking from scratch. We will make sweet treats and learn to enjoy our time in the kitchen! At the beginning of the semester we will meet at the Virtual Academy to pick up your baking supplies. We will provide most of the ingredients needed. Students will need a mixer, basic baking utensils, muffin tins, rolling pin, and cookie sheets. Each week, students will watch a short video of the instructor demonstrating the recipe. Then, they will bake on their own. Recipes will be sent to the students as well as links for the videos.
