### COURSE OBJECTIVES AND APPROXIMATE TARGET DATES:

***Steps to check for student understanding, along with dates or # of weeks into class:***

Students learn in a group setting through station style education. Each day and time is geared towards the skill and age level of the students enrolled. Progression is not measured by a timeline, but we look for continued improvement at an appropriate rate for each student.

### STUDENT ASSESSMENT - what will be used to evaluate student progress and/or end of semester pass/fail status?

- 1) Student agrees to attend at least 80% of class sessions/lessons offered. Attendance is kept online and tracked by Partnership staff. Failure to meet 80% or be on track to meet 80% may result in program discontinuation.
- 2) The Partnership Student Assessment or Performance Form is filled out by the teacher and turned in to Partnership staff. The link to this form is found on the web page for this class. Failing marks for lack of participation, behavior issues, practice time, etc. may result in program discontinuation.

**Class-specific assessment:** discuss and include the form or a link to the form that you use.

We use the assessment form provided by the partnership. We also provide skill evaluations through the parent portal (NOT A PASS/FAIL EVALUATION but a progression evaluation).
